# Compliance Component

## DEFINITION

| | |
|---|---|
| *Name* | Desktop Printer – Laser - Monochrome |
| *Description* | Defines the specifications for monochrome printing for individual users.  Devices in this category are suitable for most applications, with limited expandability options. |
| *Rationale* | Enables State employees to print to a dedicated, high-performance printer.  Desktop monochrome laser printers are best deployed in individual situations where high-speed printing is needed, or where the desktop printer can be shared among a small group of users.  Physical isolation, or security/confidentiality concerns may also make this an appropriate choice for printing services in a given location.   A standard configuration promotes economies of scale and ease of support.  Anticipated useful life of this type of printer is normally a minimum of 3 years. |
| *Benefits* | • Enhances 24x7 support by providing quicker problem resolution.<br>• Allows State services to be provided in a more cost-effective solution. |
